

# MAGIC FEATHERS

Magic Feathers is a memory game, except that all of the tiles that you're trying to collect are face up! The challenge is you must take two feathers from a magical bird and blow those feathers — one at a time — onto matching tiles in order to claim them. Whoever collects the most tiles wins!

520 \$aThe jungle is in disarray as the animals have lost their partners! Only the colorful magic bird soaring high over the treetops has a good overview. His magic feathers float down gently helping to bring the animals together again. Who will help the magic bird find the matching pairs by blowing his feathers onto the animals? See who has a good memory and can, with a bit of skill and luck, collect the most matching animal pairs.
